

CardBoard Box **VROOMSTER**

Want to be part of the Go Jetter Academy?
You can with your very own Vroomster

Step by step we'll show you how to
make one from a humble cardboard box.

1

2

To make the Vroomster you will need

- a large cardboard box
- scissors
- marker
- blue and white paint
- coloured card (blue, white and orange)
- paint brush
- craft glue
- two plastic bottles
- strong wide tape (duct tape)
- ribbon or cord

1. Trim the height of the box, tapering down towards the front.

2. Fold in the front flap and glue or tape in place.

3

Using a marker draw along the sides and front, as shown.

4

Next paint the box white and blue

5

Cut out all the details from the templates provided.

CardBoard Box **VROOMSTER**

Step By Step - we'll show you how

6

Decorate your Vroomster with all the template details.

7

Making The Turbines

Get two plastic bottles (we used 1.5l bottles). Cover one side in white coloured card and the other side in blue. Next glue an orange strip around the base of the bottles as shown.

8

Glue the turbines to each side of your Vroomster. Using the duct tape, cover the edges of the box opening.

9

The Seatbelt - safety first!

Finally glue one end of the ribbon to the back of the Vroomster to make the all important seatbelt. Secure the other side with velcro in the position that best suits your child.

You "Aced It!" - as Kyan says

Now hop in and zoom off with Kyan, Xuli, Lars and Foz around the world - or why not sit in and watch your favourite Go Jettters episodes!
