

HEY DUGGEE

NORRIE'S CHANGING FACES

You will need:

- scissors
- two paper tubes of differing diameters...one needs to slide comfortably inside the other
- paper
- craft knife
- pen
- glue

1. Make sure the 'inner' tube slides comfortably up and down inside the 'outer' tube.
2. Print out the template provided and cut out the two pieces - Norrie's expressions sheet, and Norrie's body sheet.
3. Glue Norrie's body around the 'outer' paper tube. Using a craft knife, carefully cut out the black circle for Norrie's face, then cut away any excess paper tube.
4. Glue Norrie's expressions sheet around the 'inner' paper tube.

Slide the inner tube inside the outer body tube and twist, twist, twist.

A-WOOF !

Have fun learning Norrie's expressions, and use as story starters for your next Hey Duggee playtime adventures!
